DESCRIPTION OF PROPOSED ACTIVITY:

ANTICIPATED AND POTENTIAL IMPACTS:

IMPACT MITIGATION PLANS:

NOTES:

At Dallas Love Field, contractor to notify the Airport Communication Center before start of work at (214) 670-LOVE (5683).

At Dallas Love Field, contractors must have work zones inspected and cleared at end of work day by DOA Landside staff for interior terminal building work or by DOA Airside Operations for airside work. DOA Facilities must confirm return-to-service of any building systems that were taken off-line during work period. All inspections must be coordinated through Airport Communication Center at (214) 670-LOVE (5683).

For all telephone / data cabling, coordinate with Owner at AVIIT@dallascityhall.com and your Communications Provider to install.
