## A Love Note from Me to You...

Dear Neighbors,

There is a chance of thunderstorms in the forecast for this weekend. Please be advised that this could cause later than normal or increased air traffic in the area due to delays or diversions.

The Dallas Stars will have one home game this week on Saturday April 27th. Please be advised that there could be an increase in general aviation traffic due to this game.

We are excited about the progress and changes that are taking place here at Dallas Love Field and we want you to be excited as well! If you are interested in some area that we are currently monitoring for our quarterly meetings of the LFEAC or if you have some particular interest in a time frame to be monitored, please let me know and I will try to accommodate that suggestion.

-Ms. Courtenay Shorter

## Construction Activities

### Runway Safety Area (RSA)

In order to meet current FAA requirements, modifications to RWY 13L/31R must be made to have the appropriate amount of safety area (1,000 feet) at the north end of the runway.

To complete the modifications needed all work will be done in phases. Phase 1 of the project has been completed as of April 18, 2013 and Runway 13L/31R

(Lemmon) has been reopened for use.

As needed, 13L/31R (Lemmon) will be closed at night for work to be completed as the project continues for the next 120 days.

## Everyday Environmental Tip

For a healthy lawn, please remember that you do not have to overwater. Overwatering can lead to more weeds, wasting money, and drowning the roots of your grass. Instead you should only water when your foot-print impression stays in the lawn and does not spring back. Try to water early in the morning and only for a short period at a time so that the soil can absorb the water.

## Notice

Your weekly update does not have the "Airport Operations Report" in this issue. Our Noise Monitoring and Flight Tracking System is temporarily unavailable but we are diligently working on a solution to get the system back up as quickly as possible. I apologize for any inconvenience that this may cause.
