A Love Note from Me to You...

Dear Neighbors,

The Dallas Mavericks will have one home game this week on Friday March 15th. Please be advised that there could be an increase in general aviation traffic due to these games. There is also a chance of thunderstorms in the forecast for this weekend. Please be advised that this could cause later than normal or increased air traffic due to delays or diversions.

We are excited about the progress and changes that are taking place here at Dallas Love Field and we want you to be excited as well! If you are interested in some area that we are currently monitoring for our quarterly meetings of the LFEAC or if you have some particular interest in a time frame to be monitored, please let me know and I will try to accommodate that suggestion.

Everyday Environmental Tip

Do you have prescription drugs that you need to dispose of? Do not flush them down the toilet or the drain! Instead take them out of the original container, mix them with a undesirable substance like cat liter or used coffee grounds. Put the mixture into a disposable container or sealable bag and dispose in the trash. Remove any personal information from the original prescription containers and dispose of them in the trash.

Construction Activities

Runway Safety Area (RSA)

In order to meet current FAA requirements, modifications to RWY 13L/31R must be made to have the appropriate amount of safety area (1,000 feet) at the north end of the runway.

As of December 21, 2012, Taxiway Bravo has been re-opened and the RSA project is scheduled to begin February 11, 2013.

To complete the modifications needed all work will be done in phases. Phase 1 of the project requires a closure of RWY 13L/31R (Lemmon) for approximately 60 days beginning February 18, 2013 followed by a 120 day period of overnight closures as needed.

Water Main Replacement

DWU has contracted with Atkins Brothers Construction to install a 48" water line around Love Field from the Shorecrest Weiss Street intersection to approximately the 8000 block of Lemmon Avenue. Shorecrest is currently closed from Reeves Street to Webb Chapel Road as construction continues. Work continues on the eastbound side of Lemmon Ave from the intersection at Shorecrest to Lovers Lane. All work will be completed in phases. Estimated completion for the project is Spring 2013.

Runway Closures

Scheduled Runway Closures for Routine Maintenance

Runway 13L/31R (Lemmon) will remain closed until approximately April 18, 2013.

Notice

Your weekly update does not have the "Airport Operations Report" in this issue. Our Noise Monitoring and Flight Tracking System is temporarily unavailable but we are diligently working on a solution to get the system back up as quickly as possible. The data for this week's issue will be incorporated into the update for March 16th—March 22nd. I apologize for any inconvenience that this may cause.
