

Community Weekly Update for December 21-December 27, 2013

A Love Note from Me to You...

Dear Neighbors,

There is a chance of thunderstorms in the weather forecast for this weekend. Please be advised that this could cause irregular or later than normal operations due to delays or diversions.

The Dallas Mavericks will have one home game this week on Thursday December 26th. The Dallas Stars will also have one home game this week on Friday December 27th. Please be advised that there could be an increase in general aviation traffic due to these games.

In an effort to serve you better, Dallas Love Field has opened a new Airport Communication Center (ACC) for your use. The ACC is currently staffed from 5am to 11pm to answer and direct your airport related concerns. Between the hours of 11pm and 5am, all calls will be transferred to the Airport Operations Communication Center. As many of you know, in addition to submitting noise concerns online or directly to me, we also have a noise hotline number. The current noise hotline number will eventually be replaced with the ACC number, 214-670-**LOVE** (5683) so please spread the information to your neighbors and friends!

We are excited about the progress and changes that are taking place here at Dallas Love Field and we want you to be excited as well! If you are interested in some area that we are currently monitoring for our quarterly meetings of the LFEAC or if you have some particular interest in a time frame to be monitored, please let me know and I will try to accommodate that suggestion.

-Ms. Courtenay Shorter

Construction Activities

Runway Safety Area (RSA)

The Runway Safety Area (RSA) project has now been completed.

Work continues on taxiways A, B, and D. As work continues along these taxiways, there will be some limitations on the access to the approach ends of RWY 13L/31R (Lemmon).

Taxiway D between Taxiway C and Taxiway P was closed Tuesday May 28, 2013 as work continues for the next phase of the Love Field Modernization Project (LFMP).

This phase of the project is expected to be completed in Spring of 2014 and it includes the demolition of Gates 4 through 15 of the west concourse and the baggage claim wing.

If you would like to learn more about the LFMP please visit:
