Construction Updates

Taxiway D between Taxiway C and Taxiway D1 was closed May 2013 as work continues for the next phase of the Love Field Modernization Project (LFMP).

This phase of the project is expected to be completed in 2014 and it includes the demolition of Gates 4 through 15 of the west concourse and the baggage claim wing.

Construction on Taxiway C continues and requires a lengthy portion to be closed along runway 13R/31L (Denton). This closure primarily affects arrivals in the south flow air traffic direction as it hinders arrivals on 13R/31L. Construction will continue through the first week of March 2015. Please see the airport diagram on page 3 for more information.

Runway Closures

Scheduled Runway Closures for Routine Maintenance

- ❖ No scheduled runway closures for the upcoming week.

Scheduled Taxiway Closures for Routine Maintenance

The following taxiways will remain closed until further notice:

- ❖ Taxiway D closed lighted and barricaded between TWY D1 and RWY 13R/31L until Spring 2015.
- ❖ Taxiway C closed lighted and barricaded between TWY C3 and RWY 18/36 until Spring 2015.
