

DALLAS LOVE FIELD
 Leading the **EVOLUTION** of the Airport Experience

Community Weekly Update for August 31-September 6, 2013

A Love Note from Me to You...

Dear Neighbors,

In an effort to serve you better, Dallas Love Field has opened a new Airport Communication Center (ACC) for your use. The ACC is currently staffed from 5am to 11pm to answer and direct your airport related concerns. Between the hours of 11pm and 5am, all calls will be transferred to the Airport Operations Communication Center. As many of you know, in addition to submitting noise concerns online or directly to me, we also have a noise hotline number. The current noise hotline number will eventually be replaced with the ACC number, 214-670-**LOVE** (5683) so please spread the information to your neighbors and friends!

In observance of the events that occurred on September 11, 2001 airport staff and patrons took a moment to reflect and remember on the anniversary 12 years later in a small ceremony held at the main terminal.

We are excited about the progress and changes that are taking place here at Dallas Love Field and we want you to be excited as well! If you are interested in some area that we are currently monitoring for our quarterly meetings of the LFEAC or if you have some particular interest in a time frame to be monitored, please let me know and I will try to accommodate that suggestion.

-Ms. Courtenay Shorter

Want to get involved?

The Love Field Environmental Advisory Committee (LFEAC) meets once every quarter. Please join us for round-table discussion and updates!!!

Upcoming LFEAC Meetings:

- ◆ *October 10, 2013*
- ◆ January 9, 2014
- ◆ April 10, 2014

Environmental Tip

Try not to let your engine idle for more than 5 minutes. It is more gas efficient to turn off your engine and you also help the environment at the same time by not polluting the air.

Construction Activities

Runway Safety Area (RSA)

The Runway Safety Area (RSA) project has now been completed.

Work continues on taxiways A, B, and D. As work continues along these taxiways, there will be some limitations on the access to the approach ends of RWY 13L/31R (Lemmon).

Taxiway D between Taxiway C and Taxiway P was closed Tuesday May 28, 2013 as work continues for the next phase of the Love Field Modernization Project (LFMP).

This phase of the project is expected to be completed in Spring of 2014 and it includes the demolition of Gates 4 through 15 of the west concourse and the baggage claim wing.

If you would like to learn more about the LFMP please visit:
