## Crazy little thing called Love... Field

### Announcements

Unmanned aircraft systems, commonly referred to as drones, use has been a huge topic in the news across the nation as of late with the ever-growing popularity of drones and the restrictions placed on cities due to the Papal visit. **A reminder to the public:** The FAA has restricted the use of drones within 5 miles (8 kilometers) of Dallas Love Field without prior notification and authorization from the airport operator and control tower. This is a topic the FAA and Dallas Love Field take extremely serious.

The LOVE CONNECTION remote parking opened on September 21<sup>st</sup>. Park here from now until 09/30/15 and get FREE PARKING!! #DallasLoveField
